² Students are responsible for understanding the requirements of optional certification exams. The University cannot guarantee students will be eligible to sit for or pass exams. In some cases, work experience, additional coursework beyond the Purdue Global program, fieldwork, and/or background checks may be necessary to be eligible to take or to successfully pass the exams.

³ Purdue Global's Master of Science in Accounting meets the educational requirements to sit for the Certified Public Accountant (CPA) exam. To practice as a certified public accountant you will need to pass the CPA exam, meet additional state-specific educational requirements, and complete state-required work experience. Guidance provided by the National Association of State Boards of Accountancy (NASBA) recommends that you will first need to determine what state you plan to sit for the CPA Exam in, since the education requirements to sit for the CPA Exam vary by state. Some states require 120 total semester hours (180 quarter credit hours) to qualify to sit for the exam, while most states require 150 total semester hours (225 quarter credit hours). You must then review your state-specific's educational requirements by visiting Purdue Global's State Licensure and Certifications page. For additional information on licensure and state-specific requirements, you should refer to the National Association of State Boards of Accountancy website as well as your state's CPA licensing requirements, which can be found at the Accountancy Licensing Library.
