

Bachelor of Science in

CYBERSECURITY PROGRAM

Come Back and Move Forward in Your Cybersecurity Career

As the demand for cybersecurity experts continues to rise, organizations need professionals who can protect them from present and potential threats. This is your moment. Make your comeback in this vital field with an online degree that teaches you how to employ the technical tools and methods to detect and solve a wide range of cybersecurity challenges. You'll also develop valuable teamwork and communication skills that make you stand out in a competitive industry.

Why Make Your Comeback at Purdue Global?

Accelerated Degree Options

Get ahead faster with our ExcelTrack® program, which allows you to speed past the subjects you already know and focus on the skills employers are looking for. You can work at your own pace and take as many classes as you want each term.

Built for Working Adults

Complete courses online, without compromising your work or family schedule.

Backed by the Power of Purdue

Earn a degree you can be proud of — and one that employers will respect. Achieve more in the cybersecurity field with a name that opens doors in your career.

Experience Counts as Credit

You've lived, learned, and worked hard — now it's time to get the recognition you deserve. Use prior coursework, work experience, or industry credentials to graduate sooner. Our average bachelor's graduate saves 50% on tuition with credit for prior learning.¹

Practical Experience

Don't just go back to school — come back with real-world experience and a portfolio of diverse skills through learning labs that simulate on-the-job situations.

Faculty Expertise

Learn from experienced cybersecurity and education experts who are practicing professionals in their field. All faculty possess advanced academic degrees.

Personal Support

Work directly with faculty through online discussion boards and seminars, and enjoy no-cost individual tutoring. In addition, academic and career advisors are dedicated to helping you balance school with your career and life responsibilities.

Introductory Trial Period

Make sure online learning at Purdue Global is right for you. Enroll in the University and try our classes for 3 weeks — before you owe any tuition. That's the Purdue Global Commitment.²

Ranked and Respected

Purdue Global is part of the respected Purdue University system. One of the most prestigious research universities in the world, Purdue is ranked #16 most innovative company in the world alongside Open AI, NASA, and Microsoft.⁴

ABET Accredited

The online Bachelor of Science in Cybersecurity is accredited by the Computing Accreditation Commission (CAC) of ABET, www.ABET.org.

This assures that our program meets the standards to produce career-ready graduates in critical technical fields that are at the forefront of innovation and emerging technologies.

National Center of Academic Excellence

Purdue Global has been designated as a National Center of Academic Excellence in Cyber Defense Education (CAE-CD) for the Bachelor of Science in Cybersecurity and Master of Science in Cybersecurity Management.

Program Outcomes Support Your Career Growth

BUILD THE CORE SKILLS AND COMPETENCIES THAT EMPLOYERS DEMAND	PREPARE FOR CERTIFICATION	GRADUATE PROGRAM PATHWAY
<ul style="list-style-type: none"> ▪ Technology skills ▪ System specifications ▪ Professional communication ▪ Professional development ▪ Team management ▪ Security analysis 	<p>Prepare to pursue many of the critical certifications recognized by the information assurance community and for Department of Defense (DoD) personnel.³</p>	<p>Earn your master's degree in less time with a graduate program pathway. You'll take graduate-level courses while completing your bachelor's degree and get a head start on your master's program. View the University Catalog for more information.⁵</p>

Curriculum

Our rigorous curriculum enables you to understand the foundational goals of cybersecurity, evaluate security trends, recognize best practices, and identify IT security products and threats. All courses are updated by our dedicated curriculum department and advisory board to ensure they reflect the most recent developments in the field.

Cybersecurity Course Topics Include:

- Certified ethical hacking
- Networking concepts
- Linux system administration
- Networking With Microsoft Technologies
- Network security concepts
- Python Programming
- Linux security
- Routing and switching
- Intrusion detection and incident response
- Ethics in cybersecurity
- Digital forensics
- Information systems security
- Cybersecurity policies

ExcelTrack®: A Faster and More Affordable Way to Earn Your Degree

In addition to our traditional online program, we offer ExcelTrack®, which is a personalized, competency-based option that gives you more control over how you learn. Each ExcelTrack® online course is a single credit, covering a particular skill or piece of knowledge, allowing you to bypass any subjects you already know.⁶ This option enables students who have at least 3 years of work experience and 3 prior college courses to earn their bachelor's degree sooner, at a lower cost.

Optional Concentration Areas

Customize your degree plan to develop specialized expertise. We offer several concentrations aligned to current industry demand.

- CISSP Certification Preparation³
- Cloud Computing
- Data Management
- Game Development
- Programming and Analytics
- Software Development using C#
- Software Development using Java
- Software Development using Python
- Software Development using web languages
- Supply Chain Management and Logistics*

Program Detail

Credit Hours: 180

Program Length:

- **Standard online program:** 2–4 years (With transfer credit and other prior experience, the average completion time for Purdue Global bachelor's degree graduates in 2021–2022 was 2.1 years.)⁷
- **ExcelTrack®:** Self-paced to help you graduate sooner

Course Load:

- **Standard online program:** 2 courses per term
- **ExcelTrack®:** As many as you can complete with a "B" or higher on your final assessment

Terms: 10 weeks long

Start Dates: Throughout the year

Delivery: Online

Additional Programs

- Master of Science in Cybersecurity Management
- Master of Science in Information Technology
- Bachelor of Science in Information Technology
- Google Certificates

*Note that the Supply Chain Management and Logistics concentration will not be available on ExcelTrack®.

"My instructors were very understanding of our schedules and really made me feel like getting us to understand the material was very important. They were always available and responded quickly."

Roy J.
BS in Cybersecurity Graduate⁸

Career and Networking Opportunities

Industry Outlook

- Employment of information security analysts is projected to grow 33% between 2023 to 2033, more than 8 times the average for all occupations.⁹
- There are a total of 755,743 cybersecurity job openings, according to a 2023 report.¹⁰
- According to a 2022 report, employer demand for cybersecurity workers outpaces supply.¹¹

Career Pathways and Outcomes¹²

Roles

- Security policy analyst/manager
- Security architect, programmer, or engineer
- Forensics analyst investigator
- Ethical hacker/penetration analyst
- IT auditor
- Information security officer
- Application security specialist
- Network security analyst
- Information assurance engineer
- Information security analyst

Center for Career Advancement

Our IT Career Specialists connect students with job and networking opportunities and offer the following assistance:

- Career assessment/exploration
- Resume and cover letter review
- Interview preparation/mock interviews
- Portfolio development to showcase your skills
- Assistance in building an online presence
- Job search and networking support/career fairs
- 24/7 online access to job openings and career development tools

Student Organizations

DATA (Digital Authority of Technology Association) is the umbrella for Purdue Global's IT-related communities, which include:

- Analytics Club, where students discuss all things data, big and small;
- Cloud Club, for students interested in cloud-based computing solutions;
- Cybersecurity Club, a community concerned with digital security threats; and
- Women in Cybersecurity (WiCyS), a space to share experiences, challenges, and support.

Accredited by the Higher Learning Commission

Purdue Global is accredited by the Higher Learning Commission (HLCCommission.org), an institutional accreditation agency recognized by the U.S. Department of Education.

Military Friendly

We offer reduced tuition rates for servicemembers, veterans, and spouses.

IMPORTANT INFORMATION: PLEASE READ

For comprehensive consumer information, visit Info.PurdueGlobal.edu.

1 Purdue Global online bachelor's degree students who graduated in 2021-2022 and applied eligible prior learning (transfer, experiential, or credit by exam) credits saved an average of \$34,000 toward the total degree. Campus tuition and prior learning savings vary by location. Savings based on overall cost of completion without prior learning credit. Calculation based on total prior learning credit times standard cost per credit in student's program of study. Individual savings will vary. Calculation includes campus and military students. Purdue Global does not guarantee transferability of credit. See University Catalog for the Prior Learning policy. Source: Office of Reporting and Analysis, July 2022. 2021-2022 academic year.

2 Students who inform Purdue Global they do not wish to pursue the program during the 3-week trial will not be charged. Students who choose to continue at Purdue Global will be billed for the full first term's tuition, including the 3-week trial, and will need to meet other specific requirements. Classes will be applied toward a degree if satisfactorily completed and students select to continue their studies at Purdue Global. No credits are earned if the student withdraws during the introductory period (3 weeks for new qualifying undergraduate students), which begins day one of the first term. Graduate programs and BS in Professional Flight not included. Additional terms may apply to international and non-U.S. citizen students. For further information, see the University Catalog.

3 Students are responsible for understanding the requirements of optional certification exams. The University cannot guarantee students will be eligible to sit for or pass exams. In some cases, work experience, additional coursework beyond the Purdue Global program, fieldwork, and/or background checks may be necessary to be eligible to take or to successfully pass the exams.

5 Estimated graduation date is based on the assumption that you will enroll in time to begin classes on the next upcoming start date, will remain enrolled for each consecutive term, and will maintain satisfactory academic standing in each term to progress toward completion of your program. Completion time is based on a full-time schedule. Programs will take longer for part-time students to complete. To start a Graduate Program Pathway, students should consult with their Student Advisor to confirm eligibility. Not all Graduate Program Pathways are available on all tracks, and some may require students to meet academic standards to continue taking graduate courses in their bachelor's degree program. Visit the University Catalog for more information.

6 ExcelTrack® is designed to advance your progress based on existing knowledge; however, degree pace and time and cost savings will vary by individual. Students must enroll in a minimum number of credits per term to remain eligible for financial aid. Refer to the Financial Information section of the University Catalog for additional information. Programs may include standard online courses; however, tuition is charged at the ExcelTrack® rate.
