

Bachelor of Science in

ENVIRONMENTAL POLICY AND MANAGEMENT

Come Back Stronger. Advance in a Fast-Evolving Sector.

This is your time. Your moment. Earn your bachelor's degree and prepare for real opportunities in a variety of industries shaped by the green economy. Meet the demand for talented, dedicated professionals who can educate and advocate for the environment, develop policies to meet evolving regulations, and devise solutions for complex environmental challenges. Take the next step in your life and career and be ready to make a lasting impact in our communities and our world.

Why Study Environmental Policy at Purdue Global?

Built for Working Adults

Complete courses online, without compromising your work or family schedule.

Backed by the Power of Purdue

Earn a degree you can be proud of — and one that employers will respect. Achieve more in the environmental science field with a name that opens doors in your career.

Your Experience Counts as College Credit

It's time to get the recognition you deserve. Transfer up to 75% of your degree requirements to graduate sooner and save on tuition. In addition to credit for prior courses, you can earn credit for your work, volunteer, and life experiences.¹ Our average bachelor's graduate with transfer credits saves 50% on University tuition.²

Expert Faculty

Learn from real-world practitioners with extensive experience in the environmental, sustainability, and legal fields. All professors possess advanced academic degrees and relevant industry credentials.

Personal Support

Work directly with faculty through online discussion boards and seminars, and enjoy no-cost individual tutoring. In addition, academic and career advisors are dedicated to helping you balance school with your career and life responsibilities.

Introductory Trial Period

Make sure online learning at Purdue Global is right for you. Enroll in the University and try our classes for 3 weeks — before you owe any tuition. That's the Purdue Global Commitment.³

Nationally Ranked and Respected

Purdue Global is part of the respected Purdue University system. One of the most prestigious research universities in the world, Purdue is ranked #16 most innovative company in the world alongside Open AI, NASA, and Microsoft.⁴

Take the Next Step in Your Education and Career

Gain the Practical Knowledge and Skills That Employers Demand

The program challenges you to solve real-world environmental issues, preparing you to do the following:

- Work with businesses and organizations to create customized sustainability policies.
- Advise businesses on environmental matters, such as effects of planned developments on the environment and government policies that should be followed.
- Prepare research reports, articles, and presentations.
- Plan ways to make cities and towns sustainable.
- Develop, manage, and implement strategies for the conservation of areas frequented by the public.
- Help planners develop and construct buildings, utilities, and transportation systems that protect natural resources and limit damage to the land.

Get a Head Start on Your Master's Degree

Complete your master's degree sooner with a graduate program pathway. It weaves graduate-level courses into your bachelor's program, giving you a jump on your master's degree requirements. You'll save on time and tuition compared with finishing both programs separately.

Plus, your degrees don't have to be in the same fields. You can customize your academic journey to support your career goals and interests. To learn more, view the University Catalog or connect with an Advisor.⁵

Curriculum

Along with the science of the environment and sustainability, the comprehensive curriculum covers concepts of economics, ethics, environmental management, business, law, culture, and property rights. All courses are reviewed and revised continually by industry experts to ensure they reflect the most recent developments in the field.

Courses Include:

- Socially Responsible Leadership
- The Politics of Managing the Environment
- Environmental Science — Ecosystems, Resources, and Carbon Footprints
- The Global Environment
- Finance and Budgeting in the Public Sector
- Private and Public Sector Partnerships

Business Foundations Concentration

- Gain competencies in the fundamental concepts of business administration. Develop an understanding of the four functions of management, the components of a marketing strategy, and the financial performance of an organization.

Capstone Project

The program culminates in a final capstone project, which gives you the opportunity to apply the skills and concepts you study online to real-world environmental policy challenges and issues.

IMPORTANT INFORMATION: PLEASE READ

For comprehensive consumer information, visit info.purdueglobal.edu.

1 Purdue Global does not guarantee transferability of credit. See the University Catalog for Prior Learning policy.

2 Purdue Global online bachelor's degree students who graduated in 2021-2022 and applied eligible prior learning (transfer, experiential, or credit by exam) credits saved an average of \$34,000 toward the total degree. Campus tuition and prior learning savings vary by location. Savings based on overall cost of completion without prior learning credit. Calculation based on total prior learning credit times standard cost per credit in student's program of study. Individual savings will vary. Calculation includes campus and military students. Purdue Global does not guarantee transferability of credit. See University Catalog for the Prior Learning policy. Source: Office of Reporting and Analysis, July 2022. 2021-2022 academic year.

3 Students who inform Purdue Global they do not wish to pursue the program during the 3-week trial will not be charged. Students who choose to continue at Purdue Global will be billed for the full first term's tuition, including the 3-week trial, and will need to meet other specific requirements. Classes will be applied toward a degree if satisfactorily completed and students select to continue their studies at Purdue Global. No credits are earned if the student withdraws during the introductory period (3 weeks for new qualifying undergraduate students), which begins day one of the first term. Graduate programs and BS in Professional Flight not included. Additional terms may apply to international and non-U.S. citizen students. For further information, see the University Catalog.

4 Source: www.fastcompany.com/most-innovative-companies/list. Ranking applies to Purdue University West Lafayette and not to Purdue Global.

5 Estimated graduation date is based on the assumption that you will enroll in time to begin classes on the next upcoming start date, will remain enrolled for each consecutive term, and will maintain satisfactory academic standing in each term to progress toward completion of your program. Completion time is based on a full-time schedule. Programs will take longer for part-time students to complete.

To start a Graduate Program Pathway, students should consult with their Student Advisor to confirm eligibility. Not all Graduate Program Pathways are available on all tracks, and some may require students to meet academic standards to continue taking graduate courses in their bachelor's degree program. Visit the University Catalog for more information.
