Total Credits Required to Earn Bachelor of Science in Information Technology (IT Management Concentration)	**180**	**67**	**113**

[1] CCAF associate's degree completion waives the identified 5-quarter-credit PG degree requirements.

[2] The total value of the waived requirements (25 quarter credits) is added to the elective pool for fulfillment.

Bachelor of Science in Information Technology
IT Management Concentration
Category 3

NOTES:

Purdue Global utilizes a quarter credit system. 60 semester credits is equivalent to 90 quarter credits.

Students in this program are required to select a concentration. Other concentration options are: Game Development, Information Security and Assurance, Network Administration, Software Development Using C#, Software Development Using Java, Software Development Using Python, Software Development Using Web Languages, or Supply Chain Management and Logistics.

Related Purdue Global degree programs include: Bachelor of Science in Cloud Computing and Solutions and Bachelor of Science in Cybersecurity.

This worksheet does not constitute an official evaluation of a student's prior learning. All students who possess prior learning are encouraged to submit evidence of such and apply for credit evaluations. The University may award credit for various forms of prior learning including courses taken at other institutions, experiential learning, military credit, and others. All prior learning is reviewed on a case-by-case basis, and credit is awarded ultimately at the discretion of the University. To be considered, official transcripts and exam scores should be sent to the following address: Purdue University Global, 2550 Northwestern Avenue, Suite 1100, West Lafayette, IN 47906
