Dear Military Affairs Team,

Purdue Global is encouraged by the efforts taken by the Administration to support servicemembers, veterans, and military families, and thus affirms support for the 8 Keys to Veterans' Success.

Purdue Global recognizes the significant value that student veterans and their family members bring to campus and believe that it is important we ensure veterans and all military-affiliated students receive the best possible educational experience.

We are committed to the 8 Keys to Veterans' Success:

1. Create a culture of trust and connectedness across the campus community to promote well-being and success for veterans and military-affiliated students.
2. Ensure consistent and sustained support for veterans and military-affiliated students from campus leadership.
3. Implement an early alert system to ensure all veterans and military-affiliated students receive academic, career, and financial advice before challenges become overwhelming.
4. Coordinate and centralize campus efforts for all veterans and military-affiliated students, together with the creation of a designated virtual space.
5. Collaborate with local communities and organizations, including government agencies, to align and coordinate various services for veterans and military-affiliated students.
6. Utilize a uniform set of data tools to collect and track information on veterans and military-affiliated students, including demographics, retention, and degree completion.
7. Provide comprehensive professional development for faculty and staff on issues and challenges unique to veterans and military-affiliated students.
8. Develop systems that ensure sustainability of effective practices for veterans and military-affiliated students.

Furthermore, Purdue Global affirms support for Executive Order 13607, Principles of Excellence. Purdue Global acknowledges that this letter is not a confirmation of compliance with the Principles of Excellence, which are administered through a separate process run by the Department of Veterans Affairs.

Sincerely,
